

## Correction in Lec 12

1. In the first page, for  $\text{Insert}(T, 2)$  the second comparison should be  $2 < 3$  [not  $3 < 5$ ].
2. In the second last page, in pseudo-code for  $\text{Delete}(T, x)$  statement  
"z = x.right" should be added between statements  
"if (x.right).left == nil" and " $\text{Transplant}(T, x, x.\text{right})$ "
